[Aly Muhammed Nasef](#)

EDUCATION

Helwan National University **Oct 2023 – Feb 2028 (Expected)**

Intelligent Systems Engineering (Communication & Computer Engineering)

Current Status: Fourth Year (GPA: 3.28)

Uninettuno International University, Italy

Computer Engineering

Harvard Egypt College School **Jun 2023**

High School Diploma

EXPERIENCE

Sahahly **Aug 2026**

- Working on Sahahly.com Project as Full Stack & AI Engineer helping and modifying new features to the project

Huawei-NTI (National Telecom Institute) **Aug 2026**

- Training in the field of AI engineering and learning about Data Processing, Deep Learning, Machine Learning, AI Models creation, and Prompt Engineering

Arab Organization of Industrialization (AOI) **Aug 2025**

- Training in the field of Electronics and learnt more about PCB, their Production and Maintenance and Quality Control and Testing

Foundever Customer Service Company **Aug 2024 – Oct 2024**

- Collaborated with cross-functional teams to streamline operations in finance, IT, and facility management.
- Gained hands-on experience in communication and problem resolution in a professional setting.

Mathematics Teaching Assistant

- Assisted in delivering lessons and providing support to students to improve comprehension and performance.

ACHIEVEMENTS & LEADERSHIP

- **Volleyball Team Member** – Demonstrated teamwork, discipline, and leadership.
- **Organized peer learning sessions** to support classmates in programming and mathematics.

SKILLS

- **Languages:** Arabic (native), English (B2, IELTS), German (Goethe A1), Italy (basic)
- **Software & Technical Tools:** Microsoft Office (Word - Excel - PowerPoint - Outlook - Teams)
- **Programming & Development:** Python, C++, Java, HTML, CSS, C#, JavaScript, Git/GitHub
- **Data Analysis & AI:** Pandas, NumPy, Matplotlib, Seaborn, OpenCV (cv2), Machine Learning, Deep Learning, Data Processing, AI Modeling
- **Software Tools:** Microsoft Office, Digital Marketing
- **Electronics & Hardware:** Circuit Design & Basics of Electronics
- **Soft Skills:** Leadership, Team Collaboration, Event Planning, Time Management, Adaptability
- **Marketing:** Marketing and Sales, Digital Marketing

COURSES

- **DEPI Full Stack .Net Web Development:** **July 2026 – Feb 2027**
C#, MySQL, HMTL, CSS, JavaScript
- **AI Engineering, Huawei-NTI:** **Aug 2026**
Data Processing, Deep Learning, Machine Learning, AI Models creation, and Prompt Engineering
- **McKinsey.org Forward Learners** **June 2026**
- **Free Code Camp Full Stack Development**
- **Digital Forensics, Mahara-Tech (Ministry of Communications & Information Technology)** **Aug 2025**
: Memory Analysis and Network Traffic Analysis
- **Problem Solving in C++, Pixels:** **Feb 2025**
Arrays, Functions, Pointers, Classes (OOP)
- **Machine Learning with Python, Pixels:** **Feb 2025**
Arrays, Functions, Classes (OOP), Data Analysis (Pandas, Seaborn, Matplotlib), Numpy, cv2
- **Java Programming Language:** Arrays, Functions, Classes (OOP), GUI
- **Web Development, Sprints:** HTML, CSS, Git/GitHub , Python **June 2025**
- **Digital Marketing, Sprints** **June 2025**
- **Python Programming Language, Sprints** **June 2025**
- **British Council English** **June 2021 - Aug 2021**
